

EPDM Foam (Sponge): Sheet & Tape

INFORMATION / SPECIFICATION SHEET

White EPDM sponge is a general-purpose closed cell sponge. It has good resistance to UV light, ozone and external weathering, however, it has poor resistance to oils.

This product is available with or without adhesive backing.

TECHNICAL DATA (applicable to both sheet & tape)

MATERIAL PROPERTIES	SPECIFICATION
Spring Hardness	18°
Tensile Strength	5.2 kg/cm ³
Elongation at Break (%)	153%
Appearance Density	0.11g/cm ³
Compression Set	50% deflection, 22 hrs @ 23°C: 22%
Compression Deflection	43kPa
